

CONDUCTORS AND AUXILIARY
INSTALL OFFICERS

Ceremonies and Banquet Enjoyed by Large Number of Members and Visitors of Both Lodges.

Monday, November 20 at 3 p. m., Two Rivers Division No. 151 O. R. C. met in regular session and held its annual election of officers for the ensuing year, dispensing with the regular routine of work.

This occasion is looked forward to each year by the Conductors of this part of the Frisco System and many who do not belong to our Division as an annual holiday and there was "something doing" every minute from the time Chief Conductor tapped the bell at 3 p. m. until they were dismissed by Mrs. Whelan, of the L. A. to O. R. C., after singing "God be With You 'Till We Meet Again," at 10:30 p. m. This session was attended by forty members of Division No. 151 and the following visitors, among whom were three candidates for General Chairman of O. R. C. of the Frisco System: W. L. Heath, general chairman, Division 3, St. Louis; J. A. Laughlin, candidate for general chairman; L. S. Thompson, 553, Sherman, Texas; Frank Oldham, member Division 415, Sapulpa, Okla.; L. O. Biddle; J. T. Prunkard; and A. L. Brodie.

Harmony seemed to be the keynote of the occasion and the officers of the Division were re-elected by acclamation to succeed themselves, not a ballot being cast except as a whole. The following officers will preside next year: Chief conductor, C. E. Whitlatch; assistant chief conductor, C. C. Miller; secretary-treasurer, D. B. Kingery; senior conductor, J. D. Taylor; junior conductor, B. J. Mooney; inside sentinel, Ralph Brees; outside sentinel, E. T. Parsons; journal correspondent, S. C. Horn.

After electing a board of trustees, membership committees for the various divisions leading out of Monett, local grievance committee for each division and a representative on the general grievance committee, a count was taken on the sealed referendum vote for General Chairman for O. R. C. for the Frisco System. This election will be determined by the vote of the membership of the entire system turned over to the Grand Division at Cedar Rapids, Iowa.

Six o'clock and the Ladies Auxiliary having arrived simultaneously with a desire to replenish the inner man, a double line of march was formed on Fourth street with thirty-seven members of the Ladies Auxiliary in the lead, followed by forty members of Division 151 O. R. C., visiting brothers, candidates for general chairman and other visitors, including Assistant Superintendent Leard, of Fort Scott, Kansas and the procession immediately repaired to the basement of the Methodist church, where a sumptuous banquet was served to 150 plates by Circles 2 and 3 of the Methodist Ladies Aid.

At the banquet's end the assembly was royally entertained by talks by W. L. Heath, J. A. Laughlin, Logan S. Thompson and Assistant Superintendent Leard, of Fort Scott.

Returning to O. R. C. hall, the regular business of the day was resumed, consisting of a joint public installation of officers of O. R. C. Division 151 and L. A. to O. R. C., Division 125.

O. R. C. installation was given by Logan Thompson as grand installing officer and S. A. Gates as grand marshal. L. A. to O. R. C. installation was conducted by Grand Vice President Mrs. Robt. Whelan, as grand installing officer, assisted by Mrs. B. P. McCaslin as grand marshal.

The following officers of the L. A. to O. R. C. were installed: president, Mrs. George Wilhoit; vice president, Mrs. Byron Mooney; secretary-treasurer, Mrs. A. W. Wightman; senior sister, Mrs. Jack Shirley; junior sister, Mrs. N. G. Hudson; guard, Mrs. J. T. Clinton; chairman executive committee, Mrs. Thos. Markwell; first member, Mrs. Harry Martin; second member, Mrs. E. H. Smith; correspondent, Mrs. P. A. Haxel; musician, Mrs. J. J. Cooper; insurance secretary, Mrs. Hal Kirk; link officers—Mrs. J. P. Heimbaugh, charity, Mrs. E. E. Johnson, truth, Mrs. W. J. Mein, friendship, Mrs. A. W. Gilbert, banner bearer; color bearers, Mrs. T. E. Austin, Mrs. R. T. Burris, Mrs. Dan Guinney, Mrs. G. D. Shreve, Mrs. L. C. Morgan, Mrs. J. M. Clayton, Mrs. E. L. Monroe and Mrs. W. S. Taylor.

At this time everyone being thoroughly exhausted from lodge routine work, relaxed and turned the day over to the boys and girls of the conductors who entertained the crowd most successfully by readings, songs, piano solos, violin solos and concluded with a vocal solo by Leslie Mason.

At this time talks were made by the distinguished visitors, members of Division 151 O. R. C. and members of L. A. to O. R. C. Division No. 125, on the many advantages of organized labor today as compared with twenty years and more ago, on good fellowship toward each other, loyalty to the families of the members and a steadfast adherence to the teachings of the "Supreme Architect of the Universe."

PLAN CAMPAIGN TO MAKE
BOOZE ISSUE IN 1924

St. Louis, Nov. 20.—Plans for a campaign, the ultimate object of which would be repeal of the prohibition amendment, were discussed here today at the first meeting of secretaries of the various state branches of the Association Opposed to the Prohibition Amendment.

The first step, it was said, will be to have the law amended so that it will be more acceptable to the "wets" and at the same time conform to the eighteenth amendment, prohibiting the manufacture or sale of intoxicating liquors.

W. H. Stayton, of Baltimore, general director of the association, expressed the personal opinion that the first procedure should be to amend the law so juries would have the power to determine what is and what is not an intoxicating beverage. Mr. Stayton, a former naval officer, is head of a steamship line.

"Ultimately, of course, we seek the repeal of the eighteenth amendment," Mr. Stayton emphasized.

Mr. Stayton explained that active campaigns would be conducted to have the state and national conventions of the Democratic and Republican parties insert "wet" planks in their platforms. Particular efforts will be made to elect "wet" legislators in Illinois, Ohio, New Jersey, New York, Maryland and Minnesota. Mr. Stayton said, adding that these were considered "pivotal" states.

Power for the plant would be generated by an oil-burning engine.

YOUNGSTERS TAKE

RABBIT TRAPS
On Sunday, F. E. Johnson caught two young boys who were carrying off rabbit traps which had been set on Clarence Jerome's place by the Johnson and Prevo boys. Mr. Johnson recovered the traps and let the boys go.

They probably did not realize that they were doing wrong in taking the traps, but it is considerable trouble to make them and set them, and the boys to whom they belong do not like to lose them.

BELT LINE INTO OIL FIELDS
IS PLAN OF FRISCO

Tulsa, Okla., Nov. 20.—The St. Louis and San Francisco, according to officials who declined to permit the use of their names, has practically put final approval on plans for the construction of 138 miles of railroad to circle the oil and mining districts to the north of Tulsa, terminating here, it became known today.

The road is prepared for a minimum outlay of \$5,000,000 for the project.

Tentative plans based on several levies, are laid in the form of a quadrangle, with Tulsa as one of the angles. From Tulsa they will go to Covington, then veer north to Billings and Ponca, southeast through Blacklands, Pawhuska and Big Heart, circling east through Virgin and developed coal fields back to Tulsa. Routing of the railroad is practically agreed upon with the exception of its easternmost course, it was said.

JURY RENDERS VERDICT IN
FAVOR OF M. E. GILLIOZ

FRISCO WORKMEN FIND
BANDIT'S GUN IN ENGINE

The barrel of a 12-gauge shotgun, believed to have been the one used by Jack Kennedy, notorious train bandit, who was slain near Wittenberg, Mo., together with Russell Logsdien, alias Harvey Logan, two weeks ago, was found in the firebox of a locomotive Saturday. The engine was the same which the bandits uncoupled and let run wild following the holdup of a fast train on the Memphis division of the Frisco railroad.
